Hi Jerry,

I just wanted to let you know that we performed the post HVDPE groundwater monitoring event this past Sunday. I hope to get lab data back by this Friday and provide a draft Remediation and Groundwater Monitoring Report to Terradev by the end of that day. The report due-date in next Monday, August 20<sup>th</sup>. I'd like to request an extension of that date by two weeks (until September 3<sup>rd</sup>) to provide adequate time for review and preparation of the final report. I trust this is acceptable.

Sincerely,
