Dear Donna,

Here's the final UST Closure Report for the above subject property.

Should you have any questions, please feel free to contact us.

Thank you and have a great day!

Best regards,  
Annette Chen

Dear Donna,

The attached UST Closure Report for the subject property was recently forwarded by GGTR to Robert Weston of the Alameda County Health Services Agency for review and direction on further site characterization, if warranted. We are forwarding a copy to your attention, as was recommended to Mr. Bryan McCormack (RP) in a telephone conversation earlier this morning. As you may know, Mr. McCormack is wishing to expedite review and closure of the UST investigation in anticipation of the forthcoming sale of his property, with the close in Escrow scheduled for later this week. Please inform us of the ACHCSA's schedule for possible review of the attached document and whether additional site characterization is warranted at the site. We have been informed that Mr. Keith Matthews of the Oakland Fire Department is unable to review the report at this time. Please contact me with any questions or concerns.

Thank You,

Brent A. Wheeler

**Subject:** 9081 - 5925 Ocean View Dr (Oakland) Tank Closure Report (except soil disposal weight ticket & manifest).pdf

Inspector Matthews,

Attached here is the closure report for 5925 Ocean View Drive, Oakland California.

The soil disposal weight ticket from the landfill and the disposal manifest are not included in this draft of the report. We are waiting for acceptance of the soil at the landfill. As soon as this is completed we will include those documents and send a final copy of this report by email as well as a hardcopy of the report by US Mail.

Thank you for your assistance to the property owner in expediting review and closure of the tank removal site.

Respectfully,

Tim Hallen
