Hi Steven,

Good morning. I uploaded an environmental status review and work plan report to the County's ftp site last Friday. It is for the site located at 4001 Adeline St in Emeryville with a County RO#0003004. I appreciate your attention to this case.

The HCEB (Housing Consortium of the East Bay) already has some funding lined up for the affordable housing development at the site, but it has to move fast or the funding may disappear if it can not use the funding by the end of this year. So, we'd very appreciate if you can move this case to a high priority. Thank you very much.

Also, Ignacio Dayrit left the City of Emeryville recently and joined the Center for Creative Land Recycling in San Francisco. Your correspondences should be addressed to Helen Bean, Economic Development Director, City of Emeryville, 1333 Park Ave, Emeryville, CA 94608.

Sincerely,

--
