All,  
Thanks for the reports. I'll get them in to the case file. Due to the new Geotracker requirements for full case review of all sites I'll need prioritize within the existing case load, but those requirements set the timeline for full review at one year, while we are attempting to handle within a 6 month period. Your patience will be appreciated.

Bill,

Mr. Bingaman sent you the only copy he made of the reports instead of sending it to Alameda County. Please forward it to Mark so he can close this case.
