Subject: RE: Former Western Forge & Flange Property Cleanup

Mark,

Thanks. I'll pass this info to Environmental Services Division in Wastewater whether there are any other specific requirements for the discharge permit of the groundwater infiltration.

Colin,

Thanks for pointing this out. They weren't approved on GT yet, so I just did that (they were only placed there last Friday and I was out until Wednesday). Regardless, you'll find them there now.

Mark,

I'm looking in GeoTracker and do not see the May 15 and July 22 reports referenced in your Fact Sheet. Please direct me to where I can download them to review statements from EBMUD regarding disposal of treated wastewater into our sanitary sewer system.
