Hi Dilan,

Thank you for the agenda form. I have attached an updated schedule that outlines what items are required to meet our timing. We understand that meeting this schedule is largely dependent on getting you the additional information you requested below. We are working very diligently to get you this additional information as soon as possible.

Hi Faye:

Thanks for the project summary. Prior to scheduling a meeting I would still like to get some additional information on the vapor barrier system that is being proposed (?) for the buildings as well as your list of requirements for the letter that you need from ACEH. I have attached a meeting agenda form. Please fill out the form and return it to me – please provide as much detail as possible in order to assist me in preparing for and scheduling a meeting.

Regards,
