Hi Dilan –

I wanted to send you a calendar with our Crown Chevrolet field schedule (there are likely to be some changes, but this is the plan so far). See screen shot below. One factor is we're still working out access to the property to the east, but I anticipate we'll be able to sample there Wednesday, which still fits in the schedule below.

If you're flexible in terms of a site visit, Tuesday or Thursday might be better than Wednesday. (Wednesday we're going to be starting up the sonic work and also bringing a new field team out, so I'm going to be a little preoccupied with that). You are of course come out then anyway, but I think it would be the most useful I was around and had time to talk things through.

Anyway, keep me posted on what you think about the timing, when you know your schedule.

Thanks
 Avery

	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Sunday
Aug 20 - 26	Aug 20	21	22 Mark USA Work Plan Approved	23	24	25	26
Aug 27 - Sep 2	27 Utility Locator	28 Drill/sample 9 soil/GGW borings	29 Drill 2 deep borings for lithology	30 Build 8 SV probes	31 Install 4 deep nested wells Lab data for soil/GGW	Sep 1	2
	3 Labor Day	4 Install 3 prepack wells Sample SV probes	5	6 Develop CMT and prepack wells, destroy SV probes	7 Lab data for SV	8	9
