Entry Type: Phone call
Start: Mon 7/18/2011 3:00 PM

Duration: 0 hours

Upon returning from vacation, there were voice mails (VMs) s from:

1. Matthew Naclerio, City of Alameda, Director of Public Works
2. Laura Zagaroli, Deputy City of Alameda Attorney
3. Lt. David Boersma, Alameda Police Department

They had called in my absence regarding the Directive Letter (DL) and Notice of Responsibility (NOR). I told each of them that the site was an active fuel leak case with EHS and to achieve the goal of case closure, EHS needed additional information about site work. I attempted to answer their questions regarding the DL and NOR, or if I couldn't, I'd get back to them.
