**Re: CLOSURE OF UNDERGROUND STORAGE TANK**

Dear Ms. Virostko:

I have completed review of the case file documenting the removal of two underground storage tanks (1-1,500 gallon waste oil and 1-1,000 gallon gasoline tank) at **4001 N. Vasco Road, Livermore** in August 1989. The analytical report suggests that fuel release from these tanks were insignificant. It is our opinion that the tanks have been closed in compliance with Title 23 of the California Code of Regulations.

No further investigations or cleanup actions are required. Please be aware that further work may be required if conditions change or a water quality threat is discovered at this specific site.

If you have any further questions concerning this matter, please contact me at (510) 567-6762.

Sincerely,

eva chu  
Hazardous Materials Specialist
