Dear Mr. Detterman,

The City of Piedmont has completed all of the activities associated with the most recent work plan approved by your agency. The work included re-routing of an existing groundwater sump outlet from the curb outlet on Vista Avenue to the sewer lateral for the City Hall building at 120 Vista Avenue.

Based on these actions, the City hereby requests that this case be closed.

Thank you for your ongoing work on this issue. If you have any questions, please call me at (510) 420-3061.

Sincerely,

Chester Nakahara
