**Subject:** RE: Photos of demolition at 6501 Shattuck Ave., March 17, 2010

Hi Donna,

Thanks for taking the time to talk with me this afternoon. Attached are some photos of the demolition of the kiosk structure at 6501 Shattuck, taken on March 17, 2010. (I.e., demolition without a permit.) I will also figure out how to download some video I have of the demolition.

For now, please cc me on correspondence regarding the property. You can call our neighborhood group 6501-ShattuckWatch. My details are below:

Vibeke Norgaard, Esq.  
6500 Shattuck Ave, Unit C  
Oakland, CA 94609

My number, should you need to contact me is (cell) (415) 516 6674.

As I mentioned, several families living very close to this property have young children and are concerned about the soil removals that have been taking place since March of this year, and the soil that has been blowing into our homes that smells of petroleum. We have attempted to stop it by calling Bay Area Air Quality Management and the Fire Department, but to no avail. I realize your department may not be able to do anything about what has happened already, but we do want know what we have breathed and how to stop this from reoccurring. We also hope that you and your department will do everything in your power to ensure that any further soil removals will only occur under very controlled circumstances, such as erecting an enclosed tent around the site to prevent contaminated soil from blowing over and possibly affecting the developing lungs and brains of our children. Other neighbors on the downhill side of the property are concerned how any groundwater contamination affects their properties (vegetable gardens and the like.)

Thanks again for your time,

Sincerely,

Vibeke Norgaard  
(415) 516 6674
