Hi Donna,

More photos re the demolition and an email sent around the time from a concerned neighbor describing activity.

Vibeke

Thanks, Vibeke, for your investigation into the various permit activities at 6501. Below is an e-mail and photos I sent March 19 to John Lawton of the BAAQMD regarding the demolition I was observing at the site. I called him in the morning and he advised that I take pictures with a time/date stamp and submit them. I also sent a note to the neighborhood listserv at the time, but didn't attach the photos. Hope this is helpful for the timeline.

Mr. Lawton,  
Attached are my photos of the activity that's going on at 6501 Shattuck Ave. right now. It appears that demolition is continuing. A man named George approached me and asked my interest in what was going on. I told him I was a concerned neighbor. He told me he thought the permits were "in the works", but they just wanted to get things moving while the weather was nice. I observed 4 people at the site, one operating the bucket loader, one hosing for dust, one preparing the truck, and another monitoring from a truck on the street (George).

Hope this is helpful.
