The State Water Resources Control Board (State Water Board) is able to issue, pursuant to applicable regulations, the enclosed Letter of Commitment (LOC). The LOC is your acknowledgement from the State Water Board that you are eligible to submit reimbursement requests for corrective action costs incurred. As stated in the LOC, the State Water Board will reimburse necessary and eligible corrective action costs.

Please note that only costs that have been approved by the Fund will be reimbursed. Any submitted costs that are not included in the approved budget are subject to Fund availability and reimbursement may be considerably delayed.

Important Note: Non-budgeted costs incurred prior to July 1, 2012, and budgeted costs incurred after July 1, 2012, must be submitted on separate spreadsheets. If the non-budgeted costs and budgeted costs are combined, the reimbursement package will be returned.

All invoices must be billed in the claimant's name and checks paying for invoices must come from the claimant as listed on the application. Any other invoicing and payment arrangements must be reviewed and approved by the Fund or the costs may not be reimbursed.

It is very important that you read the terms and conditions listed in the enclosed LOC. Claims filed with the Fund far exceed the funding available and it is very important that you make use of it in a timely manner.

After completion, this spreadsheet must be printed and submitted with your reimbursement request. Additionally, you must submit the completed spreadsheet electronically to the Fund.

The Conditions of Payment Certification form and Reimbursement Request spreadsheet can be found on the Fund's website at

http://www.waterboards.ca.gov/water_issues/programs/ustcf/forms.shtml.

THIS IS IMPORTANT TO YOU, PLEASE NOTE:

Signature(s) on the application will be the signature(s) required for all future Fund documents.

We encourage claimants to sign all Fund documents personally. However, there may be circumstances where a claimant wants a representative to be able to sign Fund documents on the claimant's behalf. In this situation, claimants must submit a notarized Power of Attorney form designating a specific representative to sign and submit documents to the Fund. The designated representative should not be a consultant or contractor performing work on the project site because it would create a conflict of interest. Claimants should be aware that they are personally responsible and bound by any assertions made to the Fund pursuant to a Power of Attorney. (An appropriate Power of Attorney form is available on our web site or by request, however other forms may also be acceptable.)

If the site is closed: Claimants have 365 days from the date of the site closure letter or from the date of this LOC, whichever occurs later, to submit cleanup costs to the Fund for reimbursement. All remediation costs, including monitoring well destruction and abandonment costs and case closure costs, must be submitted to the Fund prior to the 365-day deadline. The Fund will not reopen your claim or reimburse costs submitted after the deadline.
