Subject: Schedule of Drilling/Sampling at 132 Guilford Road, Piedmont (ACDEH Fuel Leak Case No. RO0003070)

Mark,

On behalf of Leslie Mulholland (Fuel Leak Case No. RO0003070), Wheeler Group Environmental LLC in collaboration with EnProbe Environmental Drilling Services are scheduled to conduct drilling and sampling activities at the subject property on Wednesday/Thursday, 1/17/18 & 1/18/18. The drilling/sampling activities are part of the proposed work scope in our *August 25, 2017 Data Gap Investigation Work Plan* conditionally approved by the Alameda County Department of Environmental Health in its Letter dated October 25, 2017. A total of seven GeoProbe/Rotary Auger boreholes are proposed to be drilled and sampled for soil and groundwater; two sub-slab vapor points will be installed and sampled. Drilling activities will commence each morning @ 8AM.

In addition, the residential water supply wells located at both 125 Guilford Road and 120 Hazel Lane are scheduled to be sampled on Thursday, 1/18/18. We will update you in a subsequent email with approximate sampling times at both locations. Please contact us with any questions or concerns.

Thank you,

Brent A. Wheeler
