Subject: Case Closure for Fuel Leak From Underground Storage Tank Systems
1000 North Vasco Road, Livermore, California

Dear Mr. Macedo:

In letters dated November 7, 2011, the Alameda County Health Care Services Agency (County) stated that they consider the underground fuel tank case closed. The Livermore-Pleasanton Fire Department, subject to the same conditions noted in the County's letters, also considers this case closed and will require no further action.

Please contact me at 925-454-2332 or dstefani@lpfire.org if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read 'Danielle Stefani', is written over a light-colored background.

Danielle Stefani
Assistant Fire Marshal
