Nathan,

I will make arrangements to review the plan by the end of the day tomorrow.

Regards,

Jerry,

Rockridge Geotechnical intends to have a sampling plan in place by tomorrow morning. Will you have time to review/approve this plan by Monday?

Thanks,

Nathan

Matt,

Nathan just called, and said that some of the test results are in, but are also a bit convoluted. Rockridge will be sending an email out sometime today to summarize their findings. I think it best (as you and Nathan both mentioned) for us to schedule equipment mobilization and soil sampling to occur on Monday, August 22, 2011. That should provide enough time for Gallagher and Burk to properly protect their employees, and for SANDIS/Rockridge to come up with a sampling plan.

I left a message asking for a not-to-exceed number for the Work to start on Monday, so give me a call and I can then issue the Force Account Directive (T&M).

Thanks.
