SITE CLEANUP PROGRAM CASE RO0003079  
GEOTRACKER GLOBAL ID T10000003401**

**FEBRUARY 4, 2014**

The above referenced site is a Site Cleanup Program (SCP) case that is under the regulatory oversight of the Alameda County Environmental Health (ACEH) for the investigation and cleanup of volatile organic compounds in the area of the Break Room/Offices and petroleum hydrocarbons in groundwater in the wash rack area. Site investigation and cleanup activities have been completed and it does not appear that residual contamination presents a risk to human health and the environment. Therefore, ACEH is considering closure of the case. Due to the residual contamination on site, the site would be closed with site management requirements that require further evaluation if the site is to be redeveloped in the future.

This notice is being sent to the current occupants and landowners of adjacent properties and known interested parties for this site. The public is invited to review and comment on the potential closure of the case. The entire case file can be viewed over the Internet on the ACEH website (<http://www.acgov.org/aceh/lop/ust.htm>) or the State of California Water Resources Control Board GeoTracker website (<http://geotracker.swrcb.ca.gov>). Please send written comments to Jerry Wickham at ACEH, 1131 Harbor Bay Parkway, Alameda, CA 94502; all comments will be forwarded to the responsible parties. Comments **received by April 7, 2014** will be considered and responded to prior to a final determination on the proposed case closure.

If you have comments or questions regarding this site, please contact the ACEH caseworker, Jerry Wickham at 510-567-6791 or by email at [jerry.wickham@acgov.org](mailto:jerry.wickham@acgov.org). Please refer to ACEH case RO0003079 in any correspondence.
