Donna, I will drop the LOP Salvation Army referral package off at your office before the end of closing today . I will also include 7600 Foothill . I will attempt to get more referrals to your office the latter part of next week Thursday or Friday. I will be out of town the first three days of the work week due to urgent family business.

Subject: Salvation Army Oakland

Hi Mr. Matthews,

Sorry I missed your call earlier today informing me that you intended to transfer the Salvation Army 601 Webster Oakland UST removal case to Alameda County Environmental Health by hand delivering it sometime tomorrow (Thursday).

I spoke with Donna Drogos of Alameda County (in fact, I believe I might have been on the phone with her when you called) who said she would also be contacting you to follow up.

Thank you so much for allowing us to move forward on this project.

Sincerely,

Michael D. Sonke

Subject: RE: URF for Salvation Army.

The URFs is a state form & electronic you can download from SWRCB's website. Re: editing a pdf try using Adobe Writer rather than Reader, one of your clerical staff should be able to assist.

Re: OES, that for emergency situations, see page 2 of the form instructions for further info.

Oakland is the CUPA that oversaw your removal, not ACEH CUPA. At this point since OFD is transferring the case to us sending to ACEH LOP is appropriate.

Subject: URF for Salvation Army.

Hi Donna,

Also, were you going to send me an actual URF form. I got one off the web but it is not interactive. I prefer to be able to fill this in type if I can because the a number of previously completed URFs that I have reviewed are almost indecipherable because they are completed by hand.

Also, does the Salvation Army need to notify OES? (I am reading the top of the URF I have...)

What about Alameda County CUPA? I am assuming that the CUPA is in the same department but separate from your LOP group. In Stanislaus County, UST releases were approached traditionally differently than surface haz mats spills.

Thanks!

Subject: RE: URF for Salvation Army & Case Number

Categories: Mail_Cases_Plopping

Thanks Donna.

The draft URL is under review by the client.

Our computer guru states that the upload request asks to provide a case number?

I believe he sent in the request without it. We are hoping this will work.

I am thinking you actually need to officially get the case from Oakland Fire to generate the case number.

Regardless, please forward it to us when you generate one so that we can include it in future documents.

Thanks!
