Hi Brian:

Karel and I just finished reviewing the SCM and Data Gap Table dated 9/30/2013 for the subject site. We have some concerns about the adequacy of the proposed activities that we would like to discuss with Chevron and your consultants asap, including but not limited to potential VI to indoor air both on and offsite. We would like to schedule a teleconference call with you in the next week either tomorrow (3/20, anytime), Monday (3/24 1 to 5 pm), or Tuesday (3/25 3:30 to 4:30). Please let us know of your availability and if there will be multiple callers perhaps you can provide a conference call in number.

Thanks,

Dilan Roe, P.E.
