Fred, Kris,

My judgment is that the site should proceed to closure. I'm just back from vacation, so it will be a bit before I can make a presentation to that end; most likely it will be in early to mid September due to a vacation by my supervisor essentially until near the end of the month.

Mr. Detterman:

Good Morning:

Following up on my earlier inquiry about closure for the subject site.

Information was mailed to your attention on 9 July 14 regarding the last round of soil testing ahead of your requirement for a 1 August 14 review. All documentation has been uploaded to the ACEHD website and Geotracker.

I will be out of the office from 4 – 8 August 14. You may contact Mr. Markowski P.G. at (916) 369-4327 if you should have any questions while I'm away.

Thanks,
