Hi Donna-

It's been a while since we last talked when you asked me to follow up on the Golden Gate Tank Removal report and the Oakland Fire Dept. notes. I was told by them that they sent you what you requested. Please let me know if you did not receive either.

The sale of this property is on hold pending closure of this case. Can you give us some idea of the timing? Hopefully your agency will just decide to formally close the case. If not, and there is drilling involved we would like to get this going as soon as possible.

You were going to assign this case to one of your staff. If that has been done may I have that person's contact information?

Is there anything else you need that I might be able to help you with?

Thanks,
