Karel-

The site is currently tied up in Chevron's legal department. As such we will need another extension. I am checking with Chevron legal to see approximately how long they need to review the information and will get back to you shortly with a new proposed due date.

Thanks,

Brian Silva

Hello Carryl:

This is great news and I presume you, too, have to spell your name for everyone like I do.

Regarding the 4/11/2014 deadline, you can always request an extension if that will help.

Karel

I will be the project manager for this site. We received your request for a work plan and are currently reviewing our internal files. You had an April 11th deadline which we will not be able to meet. We will also be reaching out to the other RP's identified to determine who will be the lead.

Once we have had a chance to discuss the site with the other RP's, we can schedule a meeting to discuss.

Please let me know if you have any questions.

Regards,

Carryl MacLeod
