Subject: Request for Funds Followup

Mr. Brooks,

I find I must followup on a request for funds that was sent in late August 2015, as a check has not been received by ACEH. ACEH has spent considerable time to progress the site towards corrective actions. I have been requested to conduct no further work until the case is funded. Because the site is not in the UST program, costs associated with case work must be sought directly from identified responsible parties. I trust you will understand the need to fund work at the site.

Should you have questions, please let me know.

Thank you,

Mark Detterman
