Daniel,

Per our telephone conversation this afternoon and the difficulties you relayed in completing the Amended Remedial Action Work Plan by January 8, ACEH has extended the delivery date to match the Remedial Design Implementation Plan (January 22). In order for members of the public to review this report, ACEH will consequently also start the 30 day public comment period on or about January 22. I have already updated Geotracker with the revised dates.

Should you have any questions, please let me know.
