Duration: 0 hours

Phone call with Peter Sims of Ninyo & Moore. The contractor has brought soil to site from East 14th and believes soil can be used on site. They can re-use soil to backfill East 14th excavation but if soil will be used on site, they will need to test it. Peter Sims will contact the contractor to find out their plans and to get them to place soil from East 14th on plastic
