NOTICE OF RESPONSIBILITY

Site Name & Address:
EQUIPMENT FABRICATING
729 45TH AVENUE
OAKLAND, CA 94601

ACEH Case No.: RO0003133
Global ID: T10000005808

Responsible Party:

EQUIPMENT FABRICATING INC.
729 45TH AVENUE
OAKLAND, CA 94601-4428

Date First Reported: 11/13/2013

Substance: Gasoline-Automotive (motor gasoline and additives), leaded & unleaded Diesel Fuel

Funding for Oversight: LOPS - LOP State Fund

Multiple RPs?: Yes

Pursuant to sections 25297.1 and 25297.15 of the Health and Safety Code, you are hereby notified that the above site has been placed in the Local Oversight Program and the individual(s) or entity(ies) shown above, or on the attached list, has (have) been identified as the party(ies) responsible for investigation and cleanup of the above site. Section 25297.15 further requires the primary or active Responsible Party to notify all current record owners of fee title before the local agency considers cleanup or site closure proposals or issues a closure letter. For purposes of implementing section 25297.15, this agency has identified Equipment Fabricating Company, Inc. as the primary or active Responsible Party. It is the responsibility of the primary or active Responsible Party to submit a letter to this agency, within 20 calendar days of receipt of this notice that identifies all current record owners of fee title. It is also the responsibility of the primary or active Responsible Party to certify to the local agency that the required notifications have been made at the time a cleanup or site closure proposal is made or before the local agency makes a determination that no further action is required. If property ownership changes in the future, you must notify this local agency within 20 calendar days from when you are informed of the change.

Any action or inaction by this local agency associated with corrective action, including responsible party identification, is subject to petition to the State Water Resources Control Board. Petitions must be filed within 30 days from the date of the action/inaction. To obtain petition procedures, please FAX your request to the State Water Board at (916) 341-5808 or telephone (916) 341-5752.

Pursuant to section 25296.10(c)(6) of the Health and Safety Code, a responsible party may request the designation of an administering agency when required to conduct corrective action. Please contact this office for further information about the designation process.

Please contact your caseworker DETTERMAN, KAREL, at this office at (510)567-6708 if you have questions regarding your site.

All Responsible Parties

RP has been named a Primary RP – STEPHANIE KOCHAN TRUST
129 Selborne Way, Moraga, CA 94556-1732 |

RP has been named a Primary RP – EQUIPMENT FABRICATING COMPANY, INC.
729 45TH Avenue, Oakland, CA 94601-4428

Responsible Party Identification Background

Alameda County Environmental Health (ACEH) names a "Responsible Party," as defined under 23 C.C.R. Sec. 2720. Section 2720 defines a responsible party 4 ways. An RP can be:

1. "Any person who owns or operates an underground storage tank used for the storage of any hazardous substance."
2. "In the case of any underground storage tank no longer in use, any person who owned or operated the underground storage tank immediately before the discontinuation of its use."
3. "Any owner of property where an unauthorized release of a hazardous substance from an underground storage tank has occurred."
4. "Any person who had or has control over an underground storage tank at the time of or following an unauthorized release of a hazardous substance."

ACEH has named the responsible parties for this site as detailed below.

Existence of an Unauthorized Release

During a Phase II investigation, petroleum hydrocarbons were detected in soil samples collected adjacent to the former locations of three underground storage tanks (USTs). Total petroleum hydrocarbons (TPH) as gasoline, TPH as diesel, and TPH as motor oil were detected in the soil samples at concentrations up to 156 parts per million (ppm), 1,500 ppm, and 2,700 ppm, respectively. TPH as gasoline and TPH as diesel were detected in groundwater samples collected adjacent to the former USTs at concentrations up to 4,400 and 105,000 parts per billion, respectively. Based on these results, an unauthorized release or releases appears to have occurred from the UST system.

Responsible Party Identification

The Equipment Fabricating Company, Inc. is a responsible party for the fuel leak because they owned or operated the underground storage tank immediately before the discontinuation of its use (Definition 2) and had control of the UST at the time of or following an unauthorized release (Definition 4).

The Stephanie Kochan Trust is a responsible party because they are the current owner of the property where an unauthorized release occurred (Definition 3).
