Subject: Newark Public Storage intention to begin grading operations
Attachments: DIR_L_2015-02-19 ACEH letter.pdf

Jerry
Per your request, included within the attached correspondence to Jim Fitzpatrick, Public Storage's grading permit issuance, by the City of Newark, is imminent. Upon receipt of the Grading Permit, but no sooner than 5 days from today, Public Storage intends to begin excavation activities.

If there is anything further that you may require, I am the Public Storage Construction Manager assigned to this project. Thank you.

Richard C. Rogler
Construction Mgr
