Subject: New Spills, Leaks, Investigation, and Cleanup Case No. RO0003136 and GeoTracker Global ID T10000006057, Public Storage #CA13186, 6800 Overlake Place, Newark, CA 94560

Dear Mr. Fitzpatrick:

Alameda County Environmental Health (ACEH) received results from soil borings conducted at the above referenced site. Elevated concentrations of metals were detected in soil samples collected at several locations throughout the site. Based on these results, ACEH has opened a Spills, Leaks, Investigations, and Cleanup (SLIC) case to provide regulatory oversight for cleanup of the oil spill.

Funds for regulatory oversight in the SLIC Program are provided directly by the property owner or other responsible parties. Therefore, we are requesting the submittal of a check made payable to Alameda County Environmental Health in the amount of \$6,000.00 as a deposit for regulatory oversight. Please send your check to the attention of our Finance Department. This deposit may or may not be sufficient to provide all necessary regulatory oversight. Funds received by ACEH for SLIC cases such as yours, are held in a deposit/refund account. The deposit/refund account is charged on an hourly basis as case work is performed. If these funds are insufficient, an additional deposit will be requested. Otherwise, any unused monies will be refunded to you or your designee.

The deposit is authorized in Section 6.92.040L of the Alameda County Ordinance Code. Work on this project is being debited at the Ordinance specified rate, currently \$204.00 per hour. Please write "SLIC" (the type of project), account number "AR0341589", and the site address on your check.

If you have any questions, please contact your case worker, Jerry Wickham at (510) 567-6791. Case files can be reviewed online at the following website: <http://www.acgov.org/aceh/index.htm>.

Sincerely,

Jerry Wickham, California PG 3766, CEG 1177, and CHG 297  
Senior Hazardous Materials Specialist
