Gary and DeLong,  
Per your request I have extended the submittal deadline until March 4, 2016. This should allow enough time to receive and incorporate laboratory analytical into the report. I have updated Geotracker already.

**Subject:** DeLong Petroleum

Hello Mark:

I was wondering if it is possible to get an extension on the report deadline for the DeLong Petroleum Alameda site? I'm waiting for the lab data from the field work conducted on 1/25 and 1/26. Is it possible to get an extension to the first week of March?

Thanks,

Gary Mulkey
