Dear EMBL LLC & Edward K. & Roshanne H. Hemmat Trust:

On January 26, 2015 and June 15, 2015, Alameda County Environmental Health (ACEH) issued letters requesting a work plan for the subject site. Until the receipt of the document entitled *Well Installation and Interim Remedial Corrective Action Report* prepared for the subject site by Enviro Soil Tech Consultants (ESTC), dated January 25, 2016, ACEH has not received any correspondence from you.

The site is an open case under the regulatory oversight of the ACEH. The work performed at this site was not performed with the knowledge or approval of ACEH.

Please submit several dates, between and including March 7 and March 10, and times between and including 9:30 AM and 2:00 PM. Please submit your schedule of availability by an electronic mail message to Keith Nowell at keith.nowell@acgov.org by **February 11, 2016**.

Thank you for your cooperation. ACEH looks forward to working with you and your consultants to advance the case toward closure.

Respectfully,
