Good morning Jose,

Thank you very much for changing the project status to "Refer: Local Agency." Alameda County Environmental Health will open a case in our Voluntary Cleanup Program to deal with residual contamination in the area of the Batarse Property.

Regards,
Jerry Wickham
Senior Hazardous Materials Specialist
Alameda County Environmental Health

Subject: Batarse Property

Good morning Jerry,

Per our conversation earlier today, I'm following up with this email documenting that the Schools Unit has changed the project status on the Batarse Project Site (01750034) from "Inactive – Needs Evaluation" to "Refer: Local Agency". It is my understanding from our conversation that Alameda County will open a Voluntary Cleanup Agreement with the developer to address any residual contamination.

Please contact me if you have any questions.

José Salcedo
