Hello Karel,

This email is to inform Alameda County Environmental Health that the 777 West Grand Avenue owner has denied our request to access the property for the purpose of conducting our subsurface investigation.

We will not be able to collect soil and groundwater samples from the two proposed boring locations on this property as proposed in our soil and groundwater investigations work plan (ACEH Document No. RO3153\_WP\_R\_2016-05-13).

Thank you.
