

PHONE LOG

Date: December 18, 2014 about 3:00 pm

Phone call with Jeff Hansen of Piedmont Shell Auto Care. 510-654-0512 cell 510-967-8043.

He is the owner of Piedmont Shell Auto Care. The site was closed in August 2010 with a land use restriction limiting future use to commercial. He is interested in getting the land use restriction removed to allow residential use. Alameda County Environmental Health (ACEH) would need to open a case in our Voluntary Cleanup Program to assess the case. He would need to have an environmental professional evaluate the site and present plans for any needed work. He is early in the planning process. I will send him a request for funds letter.

Jerry Wickham
