Angela – our office received an MOA application from you for this site at 2868-2898 Hannah Street in Oakland ... after our consultation with Dilan Roe/ACDEH and my DTSC counterpart, I conclude that ACDEH (the current lead agency) is still providing oversight and should remain the lead agency ... ACDEH entered into a voluntary cleanup agreement with the site earlier this year and has requested a workplan ... contrary to the MOA application, ACDEH has not indicated a willingness to transfer the case to a state agency ... this MOA application is denied ... cheers,  
Stephen
