**Subject:** 1091 Calcot Place

Ms. Detterman,

ERAS would like to request a thirty day extension for the Phase II report for 1091 Calcot Place in Oakland. We currently have the groundwater from monitoring well EW-1 at McCampbell, along with soil samples for waste disposal. We apologize but field activities took longer than anticipated due to slow recharge of the well. Again sorry for the extension request.

Thank You

Greg Munsell
