**Subject:** Updated Maps and Cross Sections for 3101 35th Ave, Oakland, CA  
**Attachments:** 3101 35th Ave - Updated Maps and Cross Sections.pdf

Hello Keith,

As discussed in our meeting for the above referenced site (RO3164) on January 8th, we have put together the attached updated site maps and cross sections for the site.

Also, we contacted the analytical laboratory in an attempt to recover additional VOC data from soil and water samples that were run by test method 8260b. However, the lab did not retain the requested data.

Once you have had a chance to review these figures, we would like to request a conference call to discuss the next steps for the project and create a clear path to closure.

Please don't hesitate to contact us with any questions.

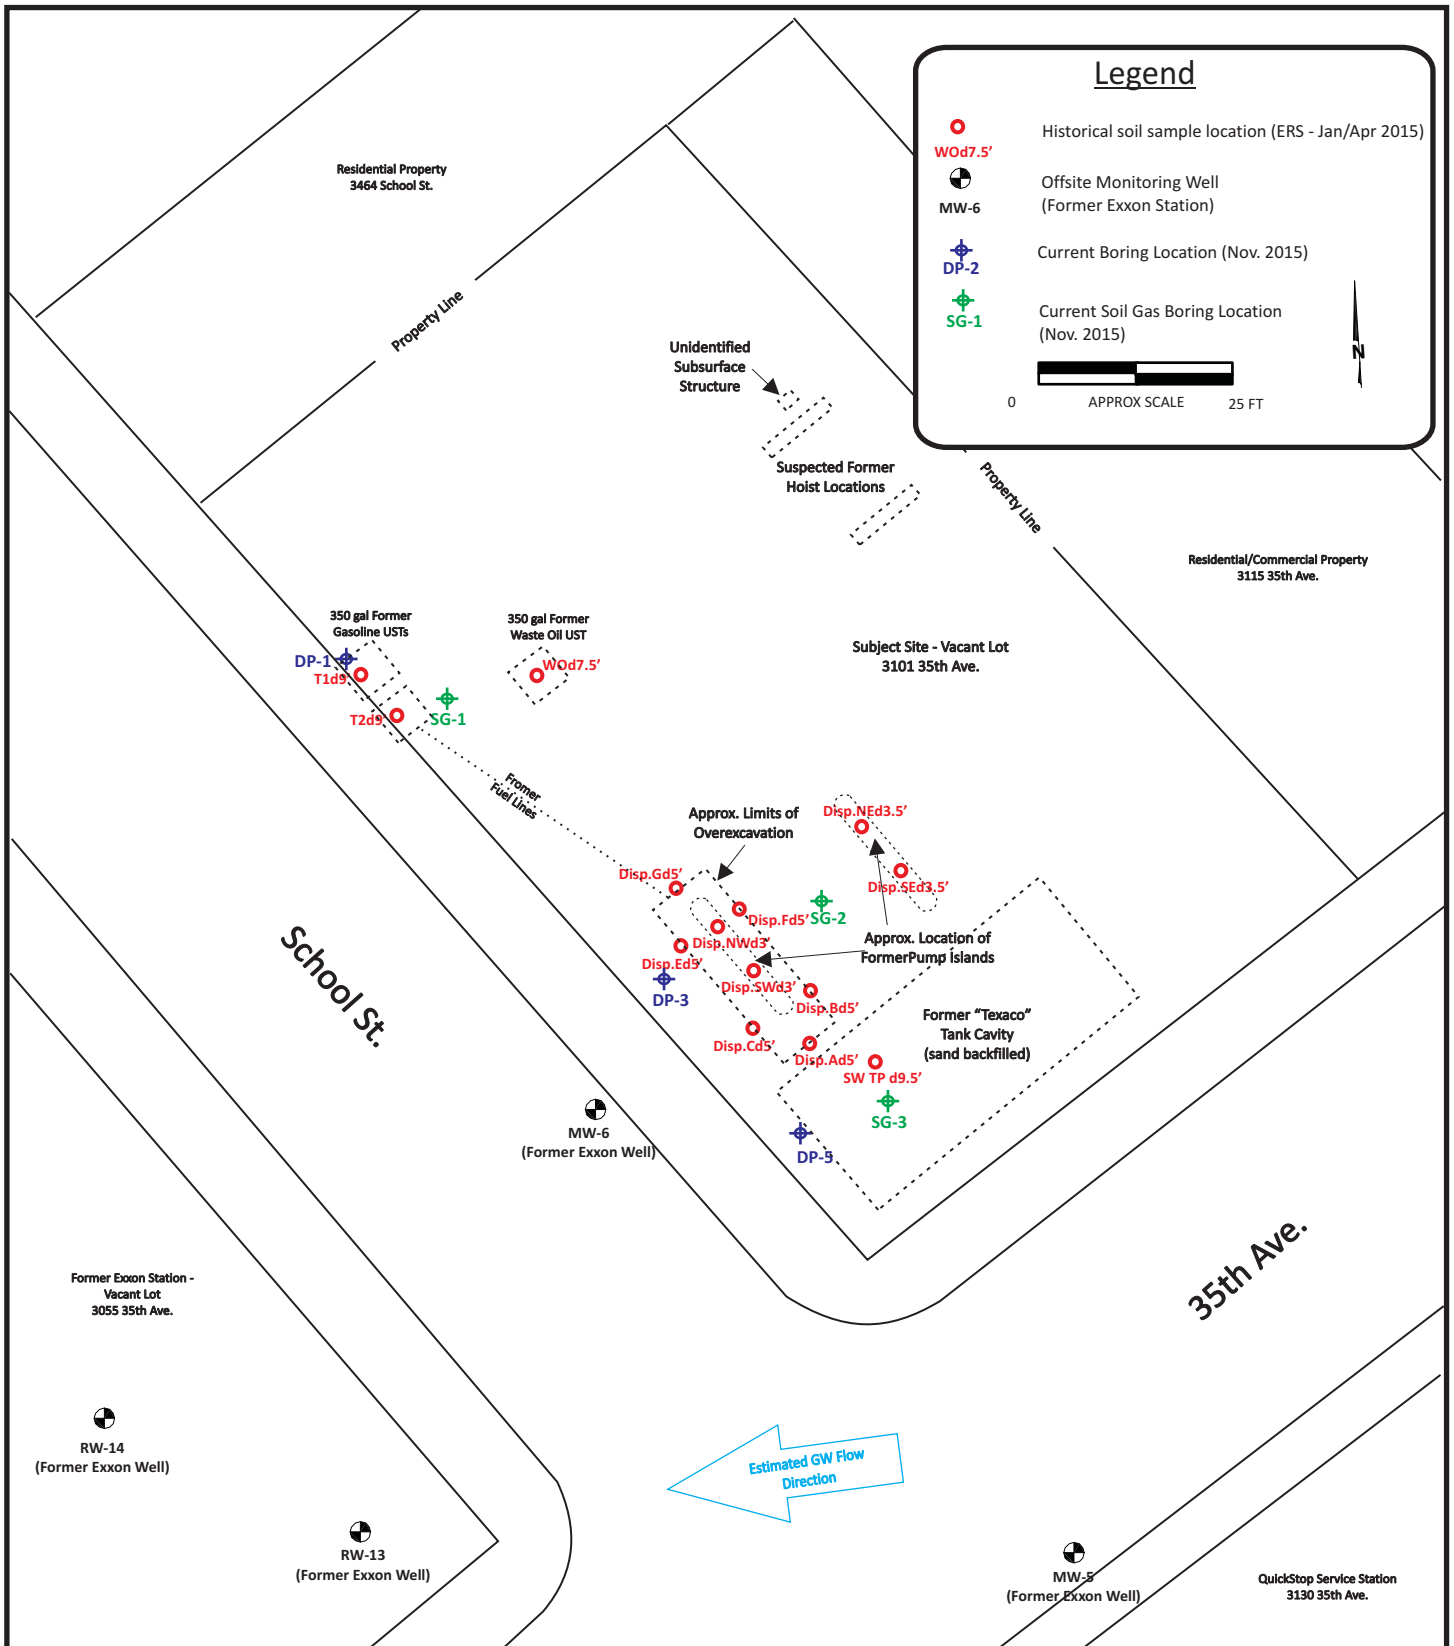

Thank you

Forrest Cook, PG  
Owner/Principal Scientist
