**INVITATION TO COMMENT – POTENTIAL CASE CLOSURE**

**LOCOMOTIVE DIESEL SPILL  
1408 MIDDLE HARBOR ROAD, OAKLAND, CA 94607  
SITE CLEANUP PROGRAM CASE RO00003169  
GEOTRACKER GLOBAL ID T10000006708**

**July 13, 2016**

The above referenced site is a Site Cleanup Program (SCP) case that is under the regulatory oversight of the Alameda County Department of Environmental Health (ACDEH) for the investigation and cleanup of petroleum hydrocarbons and metals contamination. Site investigation and cleanup activities have been completed, and it does not appear that residual contamination presents a risk to human health and the environment. Therefore, ACEH is considering closure of the case. Due to the residual contamination on site, the site would be closed with site management requirements that require further evaluation if the site is to be redeveloped in the future.

This notice is being sent to the current occupants and landowners of adjacent properties and known interested parties for this site. The public is invited to review and comment on the potential closure of the case. The entire case file can be viewed over the Internet on the ACEH website (<http://www.acgov.org/aceh/lop/ust.htm>) or the State of California Water Resources Control Board GeoTracker website (<http://geotracker.waterboards.ca.gov>). Please send written comments to Keith Nowell at ACEH, 1131 Harbor Bay Parkway, Alameda, CA 94502; all comments will be forwarded to the responsible parties. Comments **received by August 12, 2016** will be considered and responded to prior to a final determination on the proposed case closure.

If you have comments or questions regarding this site, please contact the ACEH caseworker, Keith Nowell at 510-567-6764 or by email at [keith.nowell@acgov.org](mailto:keith.nowell@acgov.org). Please refer to ACEH case RO0003169 in any correspondence.
