---

Hello Ms. Burns:

ACEH has evaluated the data and recommendations presented in the *Soil and Groundwater Investigation Report* dated April 22, 2016 prepared and submitted on your behalf by Langan Treadwell Rollo in conjunction with the case files, and the State Water Resources Control Board's (SWRCBs) Low Threat Case Closure Policy (LTCP) for petroleum-related cases adopted in 2012. Due to the unusual contaminant distribution in soil and groundwater, we would like to invite you and your consultant to our offices for a meeting. We have the following three dates and times available to meet with you:

1. Wednesday August 3rd from 11 AM to 12:30 PM
2. Thursday August 4th from 2 to 4 PM
3. Friday August 5th from 2 to 4 PM

Please let me know which date you would prefer.

Thank you,

Karel Detterman, PG

Hi Karel

Can you give a status report of our request for case closure. We have left a few voicemails and our Client would like us to call Dilan at this time so I would rather here from you.

Thanks  
Peter

Hello Jeanne:

We are drawing close to the end of our fiscal year, but I will attempt to respond to the April 22, 2016 *Soil and Groundwater Investigation Report* submitted by Langan Treadwell Rollo by the end of June, but realistically, it may be July.

Thank you,

Karel Detterman, PG
