Subject: MidPen contact for Chestnut Square
Date: Thursday, July 30, 2015 12:02:48 PM

Hi Jerry – this morning I had a good conversation with Julia Smith regarding the case you are opening for Chestnut Square in Livermore. We understand that you'll be issuing a letter outlining steps we should undertake should contamination be discovered during our development of the site. This will be very helpful – we appreciate your careful review of the background docs and guidance you'll be providing.

I also wanted to let you know that this week is my last week at MidPen, and the new project lead will be Scott Johnson. He is copied here and his contact info is below. You can direct any questions to him, and send the letter to him once completed.

I'll be available through tomorrow afternoon should you have any questions in the interim.

Thanks again.

Dan
