Coleman,

It was nice speaking with you this afternoon. Below is the email I received regarding the remediation work and the oversight by Alameda county. Dilan's contact info is at the bottom.

Please let me know if you have any further questions.

Dilan - Coleman Gross is the owner of the neighboring property where E&B has their other operations. I have related many of my concerns with thier operations to Coleman and he has requested your contact info so he can follow up with any work that may need to be conducted on his property.

Once again, thank you for your assistance on this matter.

Best,

Phillip

Hi Phillip:

Based on my conversation with Chris Tougeron today, Alameda County Department of Environmental Health's Site Cleanup Program will likely be taking the lead on the oversight of cleanup of contamination on your property. Jerry Wickham will confirm this with the Regional Water Quality Control Board next week and will contact Jennifer Brady with E&B to initiate the process.

Dilan Roe, P.E.

Good morning Jerry,

Chris and I spoke to Dilan about E&B Natural Resources and she said you would be heading the project. The property owner,

Philip Marshall and E&B Natural Resources would like to make sure that a third party regulatory agency is overseeing the project regarding their contaminated soil. The contact from E&B is Jennifer Brady, who is their Environmental Compliance Coordinator. Please contact her to let them know what they need to do to begin the Voluntary Cleanup Agreement process.

Jennifer Brady
Office: (661)616-6168 (Ext #211)
Cell: (661)428-6146
