**Subject:** Winton Valero (RO3188) - Report Extension

Hi Keith,

As we discussed, we have provided the responsible party, Mr. Oscar Quiambao, drafts of the three reports required by ACDEH. As Mr. Quiambao is currently reviewing the reports, I am requesting an extension until June 30, 2017 for submittal of 1) Station Upgrades Report documenting excavation work, and 2) Station Demolition Report providing documentation of waste-oil tank removal activities. The Site Conceptual Model report will be submitted by the requested date of July 24, 2017.

Thank you,

Eric Kirkegaard, VP
