4. **Dangerous Condition.** Responsible Party shall notify ACDEH immediately upon learning of any condition that may pose an immediate threat to public health or safety or the environment. Responsible Party shall immediately take remedial measures to address any immediate threat or imminent or substantial endangerment.
5. **State Enforcement Action.** Entering into this Agreement does not prevent the DTSC, the State Water Resources Control Board (State Water Board), or the Regional Water Board from taking an enforcement action to address the release.
6. **Referral of Case to DTSC or Regional Water Board.** Nothing in this Agreement prevents ACDEH, if it determines it is appropriate, from referring the site to DTSC or Regional Water Board.
7. **Report Submittals.** Responsible Party shall submit reports in electronic form. Detailed instructions for submission of electronic documents to the ACDEH FTP site is available on line at http://www.acgov.org/aceh/lop/upload_instructions.pdf. In order to be considered complete, all required submittals must be uploaded to the State of California GeoTracker database in compliance with State Water Board (GeoTracker) requirements by specified submittal due dates.
9. **Completion of Remedial Action.** Upon completion of remedial action, ACDEH will provide the Responsible Party with a letter stating that actions required by this agreement are complete and no further action is required (i.e. Closure Letter).
10. **Full Compliance.** Responsible Party is required to comply with all legal requirements. Entering into this Agreement with ACDEH does not affect the rights or obligations of any other agency to regulate, inspect, permit, issue violations and issue orders. Responsible Party cannot rely on this Agreement, any directions or assistance from ACDEH to avoid compliance with the law or responding to and fully cooperating with other regulatory agencies.
11. **Access to Site.** Responsible Party shall provide ACDEH full access to the Site and take all reasonable efforts to obtain access to offsite areas to which access is necessary to implement this Agreement. Such access shall be provided to ACDEH employees, contractors, and consultants at all reasonable times. Nothing in this paragraph is intended or shall be construed to limit in any way the right of entry or inspection that ACDEH or any other agency may otherwise have by operation of law.

- 15. Entire Agreement. This Agreement, including all attachments, exhibits, and any other documents specifically incorporated into this Agreement, shall constitute the entire agreement between Parties relating to the subject matter of this Agreement. No supplement, amendment, or modification of this Agreement shall be binding unless it is in writing and signed by authorized representatives of both Parties.

- 16. Headings. Headings are for convenience of reference only and shall in no way affect interpretation of the Agreement.

- 17. Severability: If a court of competent jurisdiction holds any provision of this Agreement to be illegal, unenforceable, or invalid in whole or in part for any reason, the validity and enforceability of the remaining provisions, or portions of them, will not be affected, unless an essential purpose of this Agreement would be defeated by the loss of the illegal, unenforceable, or invalid provision.
