Subject: ISCO Application Schedule - 205 Brush Street

As requested during our meeting last Friday, it appears that the schedule for ISCO application at the base of the deeper TPH excavation will occur early next week, most likely on Monday or Tuesday. This schedule is fluid based on the progress of the preceding work. I will send you a status update later this week to provide a more definitive estimate for the timing of the work.

Please contact me with any questions.

Thanks,

John Lucio
