Jerry,

Please advise if you need be to send you copies of the environmental reports I have received for subject site. Also can you add me to list of contacts for your recommendations for remediation.

Sincerely,

Sheryl Skillern

Hazardous Materials Inspector

City of Oakland Fire Department

(510) 238-7253

It is the mission of the Oakland Fire Prevention Bureau to protect all citizens within the City of Oakland from natural or man-made hazards which may cause both injury and loss of property.

This is accomplished by providing highly-trained professionals for education, oversight, and inspection of fire and environmental hazards throughout the City.

Hi Sheryl,

Our environmental consultant has talked with Alameda County about the project and they have agreed to open a Voluntary Remedial Action case and provide oversight of the soils remediation. I'm not sure where that leaves us with respect to your review and sign off but would like to discuss it with you as soon as possible.

Are you available for a call some time today or tomorrow?

Thank you,

Lauren
