Hi CB,

I am responding on behalf of Dilan and wish to inform you that Pangea, the environmental consultant for 1919 Crew submitted the Revised Site Management Plan (SMP) to Alameda County Department of Environmental Health (ACDEH) yesterday (February 23, 2017) and has also uploaded the document to Geotracker. We are still waiting on the revised work plan which will include proposed on and offsite environmental investigations. They are planning to submit the revised work plan anytime now. Once we have reviewed the reviewed SMP and Work Plan, ACDEH plans to provide written directive letters on our comments and next steps. The directive letters or any correspondences will typically be uploaded to the Geotracker website.

Here is a link of the site on the Geotracker website where you can find the documents, when they are upoloaded:

https://geotracker.waterboards.ca.gov/profile_report?global_id=T10000009433

Please let me know if you have any questions at all.

Kit Soo, PG

Senior Hazardous Materials Specialist

Alameda County Department of Environmental Health (ACDEH)

1131 Harbor Bay Pkwy

Subject: Site Management Plan

Good Morning Dilan -

Do you have a copy of the Site Management Plan yet? I know you had mentioned on 2-11 that you expected the revised version last week. I'd like to request copies of both the original and revised versions.

Thanks so much,

CB
