Subject: RO3227 Former Adeline Cleaners and Wash House - Action Items based on 9/21/2016 Conference Call
Date: Wednesday, September 21, 2016 9:55:00 AM

Hi Ahmed, Hussein, Alan and Gary,

Thank you for participating in the conference call today. As discussed over the phone, we would like to request a letter from each of you which shall contain the below:

- A statement indicating your account on what happened to the four dry cleaning equipment (dry cleaning machine and solvent recycling units) and other hazardous materials (a drum of perchloroethylene and a drum containing asbestos containing material (ACM)). Information on when these items were removed from the site is also essential.
- Your name and signature certifying that your statement is true.
- **Submit the letter to Alameda County Department of Environmental Health (ACDEH). Attention: Kit Soo (see below address) by October 6, 2016.**

We will be involving County Counsel and the County Certified Unified Program Agency (CUPA) for steps going forward.

If you have any questions at all, please call me. Thank you,

Kit Soo, PG

Great – looks like we have a full house. I just need to check with James Gribi whether he wants to be present on the call. We will call you and patch you all in. The below are your phone numbers. Please double check to make sure they are your correct contacts.

Ahmed Said – 510-812-3277
Hussein Ali – 510-717-1015
Alan Statman – 510-593-3663
Gary Robinson – 510-914-6531

Thanks you, Kit

All – reminder! please check your calendars and confirm with me on which date we can have the conference call. I appreciate your prompt response. I will hold today’s time in case you can all still make it. Otherwise, tomorrow and Wednesday are still open.

Thank you for your cooperation.

Kit

Subject: RO3227 Former Adeline Cleaners and Wash House - Conference Call

Hi Hussein, Ahmed, Alan and Gary,

As per our individual conversations with each of you, we are trying to figure out how and when the four dry cleaning equipment (dry cleaning machine and solvent recycling units) and other hazardous materials (a drum of

perchloroethylene, a drum containing asbestos containing material (ACM), etc.) were disposed of from the site. There is documentation that at least these mentioned items were present at the site prior to the sale of the property.

There should be proper manifest documents associated with the transportation and disposal of these items.

We would like to schedule a conference call with all of you to further discuss this issue. The below are our availability, please let me know which date works best for you and I will coordinate.

- Monday 9/19/2016 – 1:00 – 1:30 pm
- Tuesday 9/20/2016 – 8:30 – 9 am
- Wednesday 9/21 – 8:30 – 9 am

If you have any questions, please let me know. Thanks, Kit
