Subject: RO3230 located at 1200 Park Street Alameda - Well Installation and Soil Boring Field Work

Karel,

As noted in previous emails, access was granted (January 2018) for this site. Arcadis has the well installation event scheduled for March 20th. Once the wells are installed and analytical is received we will submit a report documenting the well installation and soil boring event. We propose a due date of May 18, 2018. This date will allow us to receive the data, review, and prepare a report with the necessary review times for Chevron.

Please let me know if you plan to attend the onsite work.

Thank you
Kathy
