Subject: RO0003272 FS-CAP/IRAP Request for Extension

Mr. Detterman,

On behalf of Chevron Environmental Management Company (CEMC), Arcadis respectfully requests an extension to submit the Feasibility/Corrective Action Study, Interim Remedial Action Plan and Soil Management Plan for the former Signal Oil Service Station 206145 located at 800 Center Street, Oakland CA (Cases RO0000454 and RO0003727). These documents are currently due on June 29th.

Based on our review of the EDR, evaluation of the environmental concerns and previous owners, additional time is needed to obtain title records and determine impacts to the proposed scope of work. Arcadis kindly ask for an extension of this due-date to July 29th so that we can investigate further.

Regards,

J.P. Brandenburg on behalf of Katherine Szymanowski
