Kathy,

I've extended the due date to May 25th to allow Arcadis time to review the file, and have updated Geotracker.

Subject: RO3278 - Site Investigation Work Plan Extension Request

Mark,

We would like to request an extension for the Site Investigation Work Plan requested in the December 12, 2017 directive letter. Arcadis recently became involved with the site and will be performing a file review this month. We would request an extension to May 25, 2018 to allow for review of all data collected during the file review, review of current documents (Phase 1 and Phase 2), review the site conceptual model, evaluate data gaps. All these items will be used for the purpose of preparing a Site Investigation Work Plan.

Please let me know if you have any concerns about this extension request.

Thank you
Kathy
