Subject: RO16 Work pLan review
Entry Type: Phone call
Company: TRC

Start: Thu 7/5/2012 10:30 AM
End: Thu 7/5/2012 10:40 AM
Duration: 10 minutes

Phone call from Gary Gunderson to ask about status of review of soil vapor work plan. Review by LOP should be performed soon but for budgeting purposes, assume that soil vapor sampling will be required and approved for the site. Also discuss free product removal at the site. They are going out monthly but free product is not recovering quickly.
